- For Admins:

- a. Login

```
***** Welcome to Easy Car Rental *****  
-----  
1. Login  
2. Register  
3. Exit  
-----  
Enter your choice:
```

When you first open the application, you will see the initial menu which will welcome you to the Easy Car Rental System.

Here you have 3 options, but you will not have to Register as your credentials are already included in the system so will only have to select the option 1 by entering 1:

```
***** Welcome to Easy Car Rental *****  
-----  
1. Login  
2. Register  
3. Exit  
-----  
Enter your choice: 1
```

Then you will be directed to the Login Interface, and you will login with the credentials provided to you:

```
***** WELCOME TO THE LOGIN PAGE *****  
Enter your username: admin  
Enter your password: *****
```

After you enter the credentials, press enter and then you will be taken to the Admin Menu.

b. Admin Menu:

```
-----Admin Menu-----  
+-----+  
| 1. Add New Car      |  
| 2. Update Car       |  
| 3. Manage Rental Bookings |  
| 4. Log out          |  
+-----+  
Enter your choice:
```

In the Admin menu you will have 4 options:

1. Add New Car
2. Update Car
3. Manage Rental Bookings
4. Log Out

c. Add New Car:

After you select the Add New Car option from the Admin Menu by entering 1, you will be seeing the Add New Car Interface where you will enter the information of the car you want to Add to the System:

```
+-----+
|  Add New Car  |
+-----+
Enter Car Make:Mitsubishi
Enter Car Model: Outlander
Enter Car Year: 2021
Enter Mileage: 24
Is the car available ( 1 for Yes, 0 for No): 1
Enter the Minimum Rent Period (days): 90
Enter Maximum Rent Period (days): 180
+-----+
```

You will have to enter the details of the car like:

- Car Make
- Car Model
- Car Year
- Mileage
- Availability
- Minimum Rent Period
- Maximum Rent Period

After you have entered all the information successfully you will be prompted a success message and then directed to the Admin Menu again:

```
+-----+
New car added successfully.
+-----+
| 1. Add New Car      |
| 2. Update Car       |
| 3. Manage Rental Bookings |
| 4. Log out          |
+-----+
Enter your choice:
```

d. Update Car:

Then, you can choose other options as well. Let's see for update car option by entering 2.

```
+-----+
|  List of Cars for Update  |
+-----+
CarID: 1 | Make: Mitsubishi | Model: Outlander
CarID: 2 | Make: Toyota | Model: Corolla
CarID: 3 | Make: Honda | Model: Civic
CarID: 4 | Make: Ford | Model: Focus
CarID: 5 | Make: Chevrolet | Model: Malibu
CarID: 6 | Make: BMW | Model: X5
CarID: 7 | Make: Mercedes | Model: C-Class
CarID: 8 | Make: Audi | Model: A4
CarID: 9 | Make: Nissan | Model: Altima
CarID: 10 | Make: Hyundai | Model: Elantra
CarID: 11 | Make: Kia | Model: Optima
+-----+
Enter the ID of the car you want to update:
```

Then you get the list of Cars with their ID, Make and Model by looking at which you can enter the ID of the car you want to update.

```
+-----+
Enter the ID of the car you want to update: 1
Enter new Car Make (leave blank to keep current):
Enter new Car Model (leave blank to keep current):

+-----+
```

After you enter the Car ID you get prompt to update each detail of the Car you can either enter a new value which you want to update or you can leave the field empty to keep the detail as it is.

e. Manage Rental Bookings:

When you choose manage rental booking from the admin menu you will be directed to the manger booking interface:

```
+-----+
|  Manage Rental Bookings  |
+-----+
| 1: View All Bookings    |
| 2: Approve Booking      |
| 3: Reject Booking       |
+-----+
Enter Your Choice:
```

You can choose between various options:

- View all bookings
- Approve booking
- Reject booking

When you select to view all bookings all the details of the bookings will be displayed.

```
Enter Your Choice: 1
BookingID = 1
CustomerID = 1
CarID = 1
StartDate = 2022-01-01
EndDate = 2022-01-07
TotalCost = 200.0
Status = Pending

BookingID = 2
CustomerID = 2
CarID = 2
StartDate = 2022-01-02
EndDate = 2022-01-08
TotalCost = 220.0
Status = Pending

BookingID = 3
CustomerID = 3
CarID = 3
StartDate = 2022-01-03
EndDate = 2022-01-09
TotalCost = 240.0
Status = Pending
```

When you choose to approve booking from the manage rental booking menu you will be able to view only those bookings that are pending and can enter the ID of the booking you want to approve.

```
BookingID: 90
Customer: admin2
